

October 7, 2022

Mr. Nelio De Sa  
Race/Event Organizer

Dear Mr. De Sa,

We regret to inform you that The Black Mountain Hotel as well as the greater Maria Moroka area has fallen victim to cable theft. The main substation that feeds electricity to the area was stripped and numerous meters of cable was stolen.

As a result of this, we will be unable to accommodate you in hosting the Standard Bank Black Mountain challenge this year. We are, however, working on having the problem rectified timeously and look forward to hosting the event in 2023 again.

We would also like to apologize to all the race participants that will be missing out on this tremendous event this year. This is an unfortunate situation that is beyond our control.

We will be offering a discounted rate to all participants that have already paid for the 2022 event. The dates for the 2023 event will be 28-29 October 2023.

We certainly hope to see you all there!

Sincerely,

Black Mountain Hotel and Leisure Centre Management
